BROWNFIELD SITE REHABILITATION AGREEMENT PURSUANT TO §376.80(5),
Florida Statutes (F.S.)

WHEREAS, the Brownfields Redevelopment Act was enacted to reduce public health and environmental hazards on existing commercial and industrial sites by offering incentives to encourage responsible persons to voluntarily develop and implement cleanup plans; and

WHEREAS, the Environmental Protection Commission of Hillsborough County (EPC) has been delegated the authority to administer the Brownfields Program on behalf of the State of Florida Department of Environmental Protection ("Department"), pursuant to Section 376.80(11), F.S., and the rules promulgated thereunder, and also Chapters 62-777 and 62-785, Florida Administrative Code (F.A.C.), as amended; and

WHEREAS, the Department and the EPC, through its delegation, have jurisdiction over the matters addressed in this Brownfield Site Rehabilitation Agreement ("BSRA"); and

WHEREAS, the Department has the authority, pursuant to §376.81, F.S., to establish by rule, criteria for determining the rehabilitation program tasks that comprise a site rehabilitation program and the level at which a rehabilitation program task and a site rehabilitation program may be deemed complete;

NOW, THEREFORE, in consideration of the mutual covenants and agreements hereinafter contained, it is agreed as follows:

This BSRA is entered into between the EPC and Community Redevelopment Agency for The City of Plant City ("CRA"), hereinafter also the Person Responsible For Brownfield Site Rehabilitation ("PRFBSR") (collectively referred to as the "parties"), for the rehabilitation of a brownfield site within a designated brownfield area pursuant to §376.80(5), F.S. The EPC and CRA agree to the following:

1. ENVIRONMENTAL PROTECTION COMMISSION OF HILLSBOROUGH COUNTY

The EPC operates pursuant to a special act, Chapter 84-446, Laws of Florida, as amended ("EPC Act"), the rules promulgated thereunder, Chapter 403, F.S.; and a delegation from the State dated June 15, 2004. The lands within the geographic boundaries of Hillsborough County are within the jurisdiction of the EPC and subject to the delegation, laws, rules, regulations, authority, and orders pursuant to Chapters 376 and 403, F.S. The EPC has the authority and power to enforce the provisions of Chapters 403 and 376, F.S.

2. PERSON RESPONSIBLE FOR BROWNFIELD SITE REHABILITATION

Community Redevelopment Agency for The City of Plant City is the PRFBSR as defined in §376.79(13), F.S., for the real property described in the map and legal description in **Attachment A** (the "Brownfield Site"), incorporated herein, that has been designated by the **City of Plant City** in Resolution Number 210-2010 as a brownfield area as defined in §376.79(4), F.S. **Attachment A** is a composite exhibit that includes: (a) the legal description and map of the Brownfield Site; and (b) the City resolution with all attachments including the map of the designated brownfield area. The Brownfield Site consists of 5.42 acres.

3. PRFBSR'S DUTIES

PRFBSR agrees:

- (a) To conduct "site rehabilitation" of any "contaminated site(s)" as defined in §376.79, F.S., the source of which originates on the real property described in **Attachment A** as the Brownfield Site. If such contaminated site(s) extend(s) beyond the boundary of the Brownfield Site, then PRFBSR agrees to conduct site rehabilitation to address the entire contaminated site;
- (b) To conduct site rehabilitation and submit technical reports and rehabilitation plans in a timely manner according to the attached brownfield site rehabilitation schedule agreed upon by the parties (see **Attachment B**), and incorporated herein;
- (c) To conduct site rehabilitation activities under the observation of professional engineers or professional geologists, as applicable, who are registered in accordance with the requirements of Chapters 471 or 492, F.S., respectively. Submittals provided by PRFBSR must be signed and sealed by a professional engineer registered under Chapter 471, F.S., or by a professional geologist registered under Chapter 492, F.S., as applicable, certifying that the submittal and associated work comply with the laws and rules of the EPC, the County, the City and the State of Florida and those governing the profession. Upon completion of the approved remedial

action, a professional engineer registered under Chapter 471, F.S., or a professional geologist registered under Chapter 492, F.S., as applicable, must certify that the corrective action was, to the best of his or her knowledge, completed in substantial conformance with the plans and specifications approved by the EPC;

- (d) To conduct site rehabilitation in accordance with Chapter 62-160, F.A.C., as the same may be amended from time to time;
- (e) To obtain any local, state or federal approvals or permits required for the site rehabilitation work and to conduct the necessary site rehabilitation consistent with local, state, and federal laws, rules and ordinances. All site rehabilitation shall be consistent with the cleanup criteria in §376.81, F.S., the requirements of Chapters 62-785, F.A.C., Brownfields Cleanup Criteria, and 62-777, F.A.C., Contaminant Cleanup Target Levels adopted pursuant thereto;
- (f) To allow access by the EPC and the Department during the entire site rehabilitation process, as evidenced by the attached documentation (see **Attachment C**) incorporated herein, establishing that such site access has been secured by agreement with the real property owner. Upon the transfer of any real property interest in any portion of the Brownfield Site before site rehabilitation is complete, the PRFBSR shall notify the EPC within 15 days from the date that such an interest is effective. With notice the PRFBSR shall provide a copy of an access agreement in substantially the same form as that in **Attachment C** with any successor in interest to the **real property owner** of the Brownfield Site or with any party with a real property interest in the Brownfield Site after the effective date of this agreement, granting such access to the EPC and the Department;
- (g) To consider appropriate pollution prevention measures and to implement those that the PRFBSR determines are reasonable and cost-effective, taking into account the ultimate use or uses of the real property described in **Attachment A**;
- (h) This redevelopment does not involve disturbing a non-permitted historic solid waste disposal area.

4. CERTIFICATION

The PRFBSR has consulted with the local government with jurisdiction over the brownfield area about the proposed redevelopment of the brownfield site. CRA certifies that the proposed redevelopment on the real property described in **Attachment A** complies with applicable laws and requirements for such redevelopment. Documentation that describes the proposed redevelopment is provided as **Attachment D**.

5. SITE CONTRACTOR

The PRFBSR must ensure that the contractor who is performing the majority of the site rehabilitation program tasks pursuant to this BSRA, or who is supervising the performance of such tasks by licensed subcontractors in accordance with the provisions of § 489.113(9), F.S., has provided certification to the EPC that the contractor meets the requirements listed below. If the identity of the contractor is known at the time of the execution of this BSRA, a Brownfields Redevelopment Program Contractor Certification Form (CCF) shall be submitted as **Attachment E** to this BSRA. If the contractor has not yet been determined, the PRFBSR shall ensure that the CCF is submitted to and approved by the EPC before the contractor begins performing any site rehabilitation tasks at the site.

The PRFBSR must submit to the EPC documentation as **Attachment F**, which shows a National Environmental Laboratory Accreditation Program (“NELAP”)-recognized authority has accredited the laboratory(s) that will perform the analyses required by this agreement.

Any contractor that performs site rehabilitation tasks at a contaminated site originating on the real property as described in **Attachment A** shall provide documentation in accordance with the provisions of the paragraph above and with **Attachments E and F**, if applicable, showing that any contractor that performs site rehabilitation tasks:

- (a) Meets all certification and license requirements imposed by law; and
- (b) Performs or has laboratory analyses performed pursuant to NELAP certification requirements, and performs or has field sampling work performed in accordance with the Standard Operating Procedures provided in Chapter 62-160, F.A.C., as amended, if applicable to performance of site rehabilitation tasks.

6. CONTINUOUS COMPLIANCE

During the entire site rehabilitation process, PRFBSR agrees to ensure that the contractor continues to comply with the requirements of **Paragraph 5** of this BSRA pursuant to the requirements of §376.80(6), F.S.

7. VOLUNTARY CLEANUP TAX CREDIT PROGRAM

Not all activities that are approved or performed in association with a BSRA are eligible for the state's Voluntary Cleanup Tax Credit (VCTC). In accordance with Chapter 62-788, F.A.C., only costs incurred and paid that are either integral,

Former Stock Building Supply/McGinnis Lumber Yard
Brownfield Site Rehabilitation Agreement

necessary and required for site rehabilitation or for solid waste removal, are eligible for the VCTC. "Site rehabilitation" means the assessment of site contamination and the remediation activities that reduce the levels of contaminants at a site through accepted treatment methods to meet the cleanup target levels established for that site. For purposes of sites subject to the Resource Conservation and Recovery Act, as amended, the term includes removal, decontamination, and corrective action of releases of hazardous substances. "Solid waste removal" means removal of solid waste from the land surface or excavation of solid waste from below the land surface and removal of the solid waste from the brownfield site. Nothing contained herein is intended to limit the VCTC otherwise available to PRFBSR under applicable law. General information about the VCTC Program is available at <http://www.dep.state.fl.us/waste/categories/vctc/default.htm>. For specific questions regarding the VCTC Program, please contact the Department's Bureau of Waste Cleanup at (850) 245-8927.

8. ADVISORY COMMITTEE

The PRFBSR shall establish an advisory committee pursuant to the requirements of §376.80(4), F.S., for the purpose of improving public participation and receiving public comments on rehabilitation and redevelopment of the brownfield area, future land use, local employment opportunities, community safety, and environmental justice. The advisory committee should include residents within or adjacent to the brownfield area, businesses operating within the brownfield area, and others deemed appropriate. However, if an appropriate local advisory committee already exists, this committee may be used for requesting public participation and for the purposes of complying with this paragraph.

PRFBSR shall provide the advisory committee a copy of the final proposed draft BSRA and a copy of the executed BSRA. When the PRFBSR submits a site assessment report or the technical document containing the proposed course of action following site assessment to the EPC for review, PRFBSR shall hold a meeting or attend a regularly scheduled meeting to inform the advisory committee of the findings and recommendations in the site assessment report or the technical document containing the proposed course of action following site assessment.

The names, addresses, and contact numbers for all advisory committee members are included as **Attachment G**.

9. NON-WAIVER

Nothing in this BSRA shall be deemed a waiver, express or implied, of the EPC's, PRFBSR's or the City's sovereign immunity under Section 768.28, F.S.

10. LIABILITY PROTECTION

The liability protection provided under §376.82, F.S., shall become effective upon execution of this BSRA and shall remain effective, provided the PRFBSR complies with the terms of this BSRA.

11. TERMINATION

If the PRFBSR fails to comply with this BSRA, the EPC shall notify PRFBSR and allow 90 days for PRFBSR to return to compliance with the provision at issue or to negotiate a modification to the BSRA with the EPC for good cause shown. If an imminent hazard exists the 90-day grace period shall not apply. If the project is not returned to compliance with this BSRA and a modification cannot be negotiated, the EPC shall terminate this BSRA.

The PRFBSR may terminate this BSRA at any time upon written notice to the EPC. Termination of this BSRA by either party will revoke the immunity provision of §376.82, F.S.

12. IMMINENT HAZARD

Nothing herein shall be construed to limit the authority of the Department or the EPC to undertake any action in response to, or to recover the costs of responding to, conditions at or from the real property described in **Attachment A** that require the Department or the EPC to take action to abate an imminent hazard to the public health, welfare or the environment.

13. RELEASE OF LIABILITY

Upon successful completion of this BSRA as evidenced by the issuance of a Site Rehabilitation Completion Order (SRCO) for each contaminated site originating from the real property described in Attachment A, the PRFBSR and his or her successors and assigns shall be relieved from further liability for site rehabilitation as described in paragraph 3(a) of this BSRA to the EPC, the Department and third parties and of liability in contribution to any other party who has or may incur cleanup liability for the contaminated site(s).

This release of liability is subject to the reopener provisions of §376.82(3), F.S.

14. GOVERNING LAW

This BSRA has been delivered in the State of Florida and shall be construed in accordance with the laws of Florida and any applicable local regulations. Wherever possible, each provision of this BSRA shall be interpreted in such manner as to be effective and valid under applicable law. If any provision of this BSRA shall be prohibited or invalid under applicable law, such provision shall be ineffective to the extent of such prohibition or invalidity, without invalidating the

remainder of such provision or the remaining provisions of this BSRA. Any action hereon or in connection herewith shall be brought in Hillsborough County, Florida.

15. SUBMITTALS

The PRFBSR shall submit two hard (paper) copies or one hard copy and one electronic (digital) copy of any certifications or documentation required in **Paragraph 6** ("Site Contractor") above, and all data, reports, responses, addenda, or modifications to reports and plans required by this BSRA to the Brownfields Coordinator, Environmental Protection Commission of Hillsborough County, Waste Management Division, 3629 Queen Palm Drive, Second Floor, Tampa, FL 33619-1309.

The EPC encourages the submittal of documents for review in an electronic format rather than the submittal of paper copies. All electronic copies of documents shall be in the format listed in Section 8 of the Instructions and attached as **Attachment H**. Time frames for the EPC's review of technical reports and plans and submittal of documents by the PRFBSR shall be governed by the attached schedule (see **Attachment B**), incorporated herein. After final EPC approval of each report, plan or other submittal, an electronic copy of the final approved submittals shall be submitted to the EPC within 30 days. The electronic copy of the report, plan, and other submittals shall be submitted on Compact Disc (CD) for archiving purposes in the format listed in **Attachment H**.

16. DOCUMENT REVIEW

During the site rehabilitation process, if the EPC fails to complete the review of a technical document within the time frame specified in this BSRA, with the exceptions of "no further action proposals," "monitoring only proposals," and feasibility studies, which must be approved prior to implementation, the PRFBSR may proceed to the next site rehabilitation task. However, the PRFBSR does so at its own risk and may be required by the EPC to complete additional work on a previous task.

17. ASSIGNMENT

The PRFBSR shall not assign any rights or responsibilities under this BSRA to any other party without the written consent of the EPC. However, the EPC shall not withhold its consent to such an assignment if: (a) the proposed assignee meets all of the eligibility criteria under §376.82, F.S.; and, (b) the proposed assignee has agreed, in writing, to assume all obligations of the PRFBSR under the terms of this Agreement.

18. WAIVER

By entering into this BSRA, The PRFBSR waives its right to challenge the contents of this BSRA in an administrative hearing afforded by §120.569 and §120.57, F.S., or an appeal afforded by the terms of §120.68, F.S. This BSRA does not deny the PRFBSR a right to challenge the EPC's actions taken pursuant to this BSRA. No delay or failure to exercise any right, power or remedy accruing to either party upon breach or default by either party under this BSRA shall impair any such right, power or remedy of either party; nor shall such delay or failure be construed as a waiver of any such breach or default, or any similar breach or default thereafter.

19. EFFECTIVE DATE AND ADMINISTRATIVE HEARING

This BSRA (Order) is final and effective on the date of execution unless a timely petition for an administrative hearing is filed under §§120.569 and 120.57, F.S., within 21 days after the date of receipt of notice of agency action. Upon the timely filing of such petition, this BSRA will not be effective until further order of the EPC. The liability protection for PRFBSR pursuant to §376.82(2), F.S., becomes effective upon execution of the brownfield site rehabilitation agreement. The procedures for petitioning a hearing are set forth below.

Persons other than the PRFBSR who are affected by this BSRA have the following options:

- (a) If you choose to accept the EPC's decision regarding this BSRA, you do not have to do anything. This BSRA is final and effective 21 days after the date of execution.
- (b) If you choose to challenge the EPC's decision, you may do the following:
 - (i) File a request for an extension of time to file a petition for hearing with the EPC within 21 days of receipt of this BSRA; such a request should be made if you wish to meet with the EPC in an attempt to informally resolve any disputes without first filing a petition for hearing. The filing must be received by the EPC Legal Department (3629 Queen Palm Dr., Tampa FL 33619) within 21 days of receipt of the BSRA.

or

 - (ii) File a petition for administrative hearing with the EPC within 21 days of receipt of this BSRA. The filing must be received by the EPC Legal Department (3629 Queen Palm Dr., Tampa, FL33619) within 21 days of receipt of the BSRA.

Please be advised that mediation of this decision pursuant to §120.573, F.S., is not available.

How to Request an Extension of Time to File a Petition for Hearing:

For good cause shown, pursuant to Rule 62-110.106(4), F.A.C., the EPC may grant a request for an extension of time to file a petition for hearing. Such a request shall be filed with (received by) the EPC Legal Department (3629 Queen Palm Dr., Tampa FL 33619) within 21 days of receipt of this BSRA. Petitioner shall mail a copy of the request to the PRFBSR at the time of filing. Timely filing a request for an extension of time tolls the time period within which a petition for administrative hearing must be made.

How to File a Petition for Administrative Hearing:

A person whose substantial interests are affected by this BSRA may petition for an administrative proceeding (hearing) under §§120.569 and 120.57, F.S. The petition must contain the information set forth below and must be filed with (received by) EPC Legal Department (3629 Queen Palm Dr., Tampa FL 33619) within 21 days of receipt of this BSRA. Petitioner shall mail a copy of the petition to PRFBSR at the time of filing. Failure to file a petition within this time period shall constitute a waiver of any right to request an administrative proceeding under Chapter 120, F.S.

Pursuant to §120.569(2), F.S., and Rule 28-106.201, F.A.C., a petition for administrative hearing shall contain the following information:

1. The name, address, and telephone number of each petitioner; the name, address, and telephone number of the petitioner's representative, if any; the PRFBSR's name and address; the EPC's Brownfield Area and Brownfield Site Identification Numbers; and the name and address of the Brownfield Site; the name and address of each agency affected;
2. A statement of when and how each petitioner received notice of the EPC's action or proposed action;
3. An explanation of how each petitioner's substantial interests are or will be affected by the EPC's action or proposed action;
4. A statement of the disputed issues of material facts, or a statement that there are no disputed facts;
5. A concise statement of the ultimate facts alleged, including a statement of the specific facts the petitioner contends warrant reversal or modification of the EPC's action or proposed action;

6. A statement of the specific rules or statutes the petitioner contends require reversal or modification of the EPC's action or proposed action, including an explanation of how the alleged facts relate to the specific rules and statutes; and

7. A statement of the relief sought by the petitioner, stating precisely the action petitioner wishes the EPC to take with respect to the EPC's action or proposed action.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the EPC's final action may be different from the position taken by it in this BSRA. Persons whose substantial interests will be affected by any such final decision of the EPC have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above.

20. JUDICIAL REVIEW

Except for the PRFBSR, any party has the right to seek judicial review of this BSRA under §120.68, F.S., by filing a notice of appeal under Rule 9.110 of the Florida Rules of Appellate Procedure with the EPC Legal Department (3629 Queen Palm Dr., Tampa FL 33619) and by filing a copy of the notice of appeal accompanied by the applicable filing fees with the appropriate District Court of Appeal. The notice of appeal must be filed within **30** days after this BSRA is filed with the clerk of the EPC (see below).

Questions regarding legal issues should be referred to the EPC's Legal Department at (813) 627-2600. Contact with any of the above does not constitute a petition for administrative hearing or request for an extension of time to file a petition for administrative hearing.

22. ENTIRETY OF AGREEMENT

This BSRA represents the entire agreement of the parties. Any alterations, variations, changes, modifications or waivers of provisions of this BSRA shall only be valid when they have been reduced to writing, duly signed by each of the parties hereto, and attached to the original of this BSRA, unless otherwise provided herein.

23. FEES

Nothing in this provision shall preclude the EPC from charging and collecting administrative fees, investigative costs, or other costs incurred by the EPC resulting from performing enforcement and compliance functions. Nothing in this Agreement shall prohibit the EPC from seeking penalties, damages, costs, or attorney fees as provided by law and ordinance. All civil penalties and damages recovered by the EPC shall be deposited in the Pollution Recovery Fund.

Re: Brownfield Area Designation Notification
Midtown Brownfield area

Dear Ms. Walker:

In accordance with Section 376.80(1), Florida Statutes, the City of Plant City is notifying the Department of Environmental Protection of its decision to designate a Brownfield area to be called Midtown Brownfield Area, for the purpose of environmental site rehabilitation and economic redevelopment.

A copy of Resolution Number 210-2010 adopted on November 22, 2010 approving this designation is attached. The legal description of the properties included in the designated Brownfield area is given as an attachment to the resolution labeled "Exhibit A". A diagram showing the parcel included in the designated Brownfield area is given as an attachment to the resolution labeled "Exhibit B".

Please feel free to contact my office, if you have any questions or require additional information.

Sincerely,

RESOLUTION NO. 210-2010

A RESOLUTION OF THE CITY COMMISSION OF THE CITY OF PLANT CITY, FLORIDA DESIGNATING A BROWNFIELD AREA TO BE CALLED MIDTOWN BROWNFIELD AREA WITHIN THE CITY FOR PROPERTY GENERALLY LOCATED NORTH OF MERRICK STREET, EAST OF WALKER STREET, SOUTH OF CSX RAILROAD, AND WEST OF CANAL, RUNNING NORTH AND SOUTH OF ALSOBROOK STREET TO/AND INCLUSIVE OF CSX RAILROAD, CONSISTING OF APPROXIMATELY 83.59 ACRES FOR THE PURPOSE OF ENVIRONMENTAL SITE REHABILITATION AND ECONOMIC REDEVELOPMENT; AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the Legislature of the State of Florida, in Sections 376.77 - 376.85, Florida Statutes, adopted the Brownfields Redevelopment Act. The purpose of which is to encourage the redevelopment and the voluntary cleanup of real property where the expansion, redevelopment or reuse of which may be complicated by actual or perceived environmental contamination; and

WHEREAS, the Brownfields Redevelopment Act created a process whereby a local government with jurisdiction over the Brownfield area must by resolution notify the Florida Department of Environmental Protection of its decision to designate a Brownfield area; and

WHEREAS, the real property which is the subject of this Resolution is within a Community Redevelopment Area; and

WHEREAS, the City of Plant City has conducted the necessary public hearing(s) for designation of a Brownfield area; and

WHEREAS, the City of Plant City has considered:

1. Whether the Brownfield area warrants economic development and has a reasonable potential for such activities
2. Whether the proposed area to be designated represents a reasonably focused approach and is not overly large in geographic coverage;
3. Whether the area has potential to interest the private sector in participating in rehabilitation; and
4. Whether the area contains sites or parts of sites suitable for limited recreational open space, cultural or historical preservation purposes; now therefore

BE IT RESOLVED BY THE CITY COMMISSION OF THE CITY OF PLANT CITY, FLORIDA, THAT:

Section 1. The City Commission for the City of Plant City, hereby designates the property generally located North of Merrick Street, East of Walker Street, South of CSX

Railroad and West of Canal running North and South of Alsobrook Street to/and inclusive of CSX railroad, consisting of 83.59 acres, and described with more particularly in the legal description attached hereto as Exhibit "A" and as depicted by the map attached hereto as Exhibit "B", as a Brownfield area for the purposes of Sections 376.77 - 376.85, Florida Statutes. Such designation shall not, however, render the City of Plant City liable for the cost of site rehabilitation or source removal, as those terms are defined in Section 376.79, Florida Statutes.

Section 2. The City Manager, City Clerk and City Attorney are hereby authorized to do all things necessary and proper to make effective the provisions of this Resolution.

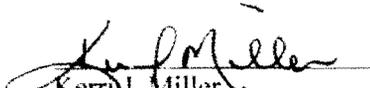

Section 3. This Resolution shall take effect immediately upon its adoption.

Adopted by the City Commission on November 22, 2010.

**SITE ACCESS AGREEMENT
PERMISSION TO ENTER PROPERTY
BROWNFIELDS REDEVELOPMENT PROGRAM**

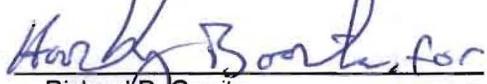

1. The Community Redevelopment Agency For The City of Plant City, Florida, the real property owner (“undersigned” or “owner”), hereby gives permission to the Environmental Protection Commission of Hillsborough County (EPC) and its agents and subcontractors to enter the undersigned’s property (“the property”) consisting of the Former Stock Building Supply/McGinnis Lumber Yard Plant Site located at 511 and 530 South Collins Street, Plant City, Hillsborough County, Florida as described in **Attachment A** attached to the BSRA for the brownfield site assigned the Brownfield Site Identification Number BF 291002001, beginning on the date of execution of the BSRA and ending on such date as deemed appropriate by the EPC or the successful completion of the BSRA, whichever occurs first.
2. This permission is contemplated to be used for the following activities that may be performed by the EPC, its agents, representatives or subcontractors:
 - a. Having access to areas where contamination may exist.
 - b. Investigation of soil and groundwater including, but not limited to, the installation of groundwater monitoring wells, the use of geophysical equipment, the use of an auger for collection of soil and sediment samples, the logging of existing wells, videotaping, preparation of site sketches, taking photographs, any testing or sampling of groundwater, soil, surface water, sediments, air, and other materials deemed appropriate by the EPC and the like.
 - c. Removal, treatment and/or disposal of contaminated soil and water, which may include the installation of recovery wells or other treatment systems.
3. Upon completion of the investigation, the EPC will restore the property as near as practicable to its condition immediately prior to the commencement of such activities.
4. The granting of this permission by the undersigned is not intended, nor should it be construed, as an admission of liability on the part of the undersigned or the undersigned’s successors and assigns for any contamination discovered on the property.
5. The EPC, its agents, representatives or subcontractors may enter the property during normal business hours and may also make special arrangements to enter the property at other times after agreement from the undersigned.
6. The EPC acknowledges and accepts its responsibility for damages caused by the acts of its employees acting within the scope of their employment while on the property.
7. The EPC acknowledges and accepts any responsibility it may have under applicable law (Section 768.28, Florida Statutes) for damages caused by the acts of its employees acting within the scope of their employment while on the property.

8. In exercising its access privileges, the EPC will take reasonable steps not to interfere with the Owner's operations, or the remediation and redevelopment activities pursuant to the BSRA.

ATTACHMENT D CERTIFICATION OF REDEVELOPMENT AGREEMENT

The PRFBSR must certify that he or she has consulted with the local government with jurisdiction over the brownfield area about the proposed redevelopment of the brownfield site, that the local government is in agreement with or approves the proposed redevelopment, and that the proposed redevelopment, complies with applicable laws and requirements for such redevelopment. The PRFBSR must document this certification, by including one of the following as Attachment D of the BSRA:

- Reference to or a copy of a legally recorded or officially approved land use or site plan, a development order or approval, a building permit, or a similar official document issued by the local government that reflects the local government's approval of proposed redevelopment of the brownfield site;
- A copy of the local government resolution designating the brownfield area that contains the proposed redevelopment of the brownfield site; or
- A letter from the local government that describes the proposed redevelopment of the brownfield site and expresses the local government's agreement with or approval of the proposed redevelopment.

If the local government with jurisdiction over the site is also the PRFBSR, the PRBSR only needs to submit documentation that describes the redevelopment. However, please include a statement in Attachment D that indicates that the PRFBSR and the local government with jurisdiction are the same entity.

The Redevelopment planned for the Brownfield Site is consistent with that reviewed and approved by the CRA Board as a part of the Plant City Midtown Redevelopment Vision Plan June 2007.

ATTACHMENT E CONTRACTOR CERTIFICATION FORM

The PRFBSR must ensure that any contractor performing site rehabilitation program tasks at or for the real property described in Attachment A has provided documentation and certification to the Department or to the delegated local program that the contractor meets the requirements of Paragraph 6, Site Contractor. These requirements include all certification and licensing requirements and implementation of the Standard Operating Procedures (SOPs) for field sampling in accordance with Chapter 62-160, F.A.C. (A link to Chapter 62-160 is provided in the Attachment F instructions below). The Contractor Certification Form (CCF) shall be completed and submitted to the District Brownfields Coordinator or to the delegated local program Brownfields Coordinator. The completed CCF shall be submitted as **Attachment E**.

If at the time of execution of the BSRA, the identity of a contractor is not known, the PRFBSR shall ensure that the required CCF is submitted to the Department or to the delegated local program prior to the contractor performing site rehabilitation program tasks at the site. The contractor is defined as the contractor responsible for performing the site rehabilitation program tasks at or for the real property described in Attachment A. The contractor may subcontract to other licensed contractors. See §489.113(9), F.S. for additional information.

QUALITY ASSURANCE CERTIFICATE**

The PRFBSR shall submit to the Department or the delegated local program documentation as **Attachment F**, showing that a NELAP-recognized accrediting authority (in Florida, the Department of Health, Environmental Laboratory Certification Program) has accredited the laboratory(s) performing analyses. Analytical methods capable of meeting the cleanup target levels in Chapter 62-785, F.A.C., shall be used for all analyses.

For comprehensive information about the Chapter 62-160, F.A.C., a link to the Department's field Standard Operating Procedures, and for the complete text of Chapter 62-160, F.A.C., visit

The Department or the delegated local program reserves the right to reject any results generated by the PRFBSR if any organization performs an activity that is not specifically approved in accordance with Chapter 62-160, F.A.C., if there is reasonable doubt as to the quality of the data or method used, if the sampling was not performed in accordance with the approved SOPs, or if analysis was performed not in accordance with NELAP accreditation, or if the SOPs or NELAP accreditation of any organization expires.

ATTACHMENT G ADVISORY COMMITTEE MEMBERS

The names, addresses, and contact numbers for all Advisory Committee members shall be included in **Attachment G**. The PRFBSR must notify the advisory committee of the intent to rehabilitate and redevelop the site before executing the brownfield site rehabilitation agreement, and provide the committee with a copy of the draft plan for site rehabilitation which addresses elements required by §376.80(5), F.S. This includes disclosing potential reuse of the property as well as site rehabilitation activities, if any, to be performed.

The advisory committee shall have the opportunity to review any proposed redevelopment agreement prepared pursuant to §376.80(5)(i), F.S. and provide comments, if appropriate, to the board of the local government with jurisdiction over the brownfield area. The advisory committee shall be provided a copy of the executed brownfield site rehabilitation agreement. When the PRFBSR submits a site assessment report or the technical document containing the proposed course of action following site assessment to the department or the local pollution control program for review, the PRFBSR must hold a meeting or attend a regularly scheduled meeting to inform the advisory committee of the findings and recommendations in the site assessment report or the technical document containing the proposed course of action following site assessment.

ATTACHMENT H
FORMAT FOR SUBMITTAL OF TECHNICAL DOCUMENTS

1. Two hard copies or one hard copy and an electronic copy of each report or proposal and final reports shall be submitted to the Department or to the delegated local program.
2. In an effort to increase efficiency, responsiveness, and to enhance environmental protection, electronic records are an acceptable media substitute for hard copy and shall be pursued as the first option of choice to arrive at compliance. Where an electronic format exists of the records it shall be used to transmit the data, file, report, document, map, plans, picture, record, or any other object that may be available in an electronic format. Electronic records shall be kept in industry standard non-proprietary formats: TIFF, GIF, JPEG, PDF, or in Microsoft Word, Microsoft Excel, and Microsoft Access not older than one (1) release behind the current.
3. Data requested shall be transmitted using available media such as E-mail, Compact Disc (CD), or File Transfer via an FTP site. Additional formats may be considered at the time of the request.
4. After final approval of each report, an electronic copy and one hard copy shall be submitted within 30 days. The electronic copy shall be submitted on Compact Disc (CD) for archiving purposes.
5. The media shall include a file directory and specify the "naming convention".
 - (a) Final reports (any text files) must be in one of the approved formats.
 - (b) Site maps and surveys shall be in TIFF, JPEG or ".pdf" format.
 - (c) Site-specific GIS data tables shall be in Excel or text (tab delimited) format.
 - (d) The cover of the media shall include the Site Name, Designated Brownfield Area, Date and Type of Report(s).
 - (e) The left inside cover of the media should list all the files located on the media.
